About Our Discipleship Program

Our residential discipleship program is where broken lives are restored and change! We provide hope and help for those struggling with substance abuse, depression, anger, past physical and sexual abuse and other life-controlling issues.

Lives are restored through daily Bible reading, weekly scripture memorization, character development studies, weekly bible study lessons, structured work therapy, daily classes, and mentoring by our Resident Trustees and Staff who can help you apply Biblical principles to your daily life.

We encourage you to plan on staying the full year in which you will adhere to a strict and supportive curriculum that will benefit your new life!

**Please call to schedule an appointment and assessment at our office (909) 620-7838.
Assessments are available Monday through Friday, 10am to 6pm.
Program fees are based on each individual financial situation.**
