

TRM Youth & Kidz Zone

Our goal is to reach inner city children with the love of Jesus Christ. To educate children in the Word of God through skits, games, and fun teaching. To provide a safe environment for children as they learn the Values of God. Every family and child needs spiritual direction in a world turned upside down.

Total Restoration Ministries offers a youth and children's ministry, called Kidz Zone, during our Sunday worship service every Sunday at 11am. We also have a variety of youth centered events during different holidays as well as admit families or mothers with children to our discipleship and recovery ministries or sober living home. We are passionate about showing love to the children that come through the doors of our ministry and are really excited to see some of them group up with us as a church. Some of our outreach services, like Christmas toy and backpack giveaways, are directly aimed at helping the neighborhood children as well.
